

Health and Safety Representatives Refresher Level Three (SafeWork SA Approved)

Duration:

2 Days

Max Students:

20

Designed for:

This course is for Elected Health and Safety Representatives in their third year of term.

Pre-requisites:

Nil

Co-requisites:

Nil

Pre-entry Requirements:

Participants must have previously completed the Initial SA HSR 5 day training course and the 3 day Level 2 SA HSR training courses.

Description:

This SafeWork SA accredited Level Three refresher 2 day Health and Safety Representative Training Course aims to add and extend to the range of skills and knowledge acquired in the 5 day and 3 day courses. An important feature of the course design is the flexibility of topics to enable participants to select areas directly relevant to their workplace management structure.

Content:

The course content covers:

- Duties, responsibilities, principles and practices of managing procedure development and administrative controls for multiple WHS risks
- The responsibilities and duties of PCBU's, officers, supervisors and contractors in the context of WHS policy and procedure development.
- Identifying various elements of a safe system of work.
- Participate in and contribute to developing workplace health and safety policies and procedures.
- Principles and practices associated with effective auditing programmes.
- Participate in and contribute to the audit planning process.
- Participate in and contribute to the audit process and activities.
- Participate in and contribute to the review of audit findings and activities.

This course is delivered by NSCA.

Unit of Competency

Certificate of Attendance will be issued to successful students on completion of course.

Assessment:

There is no formal assessment as part of this course. Upon successful completion, participants will be issued with a Certificate of Attendance.

Delivery Method:

Training will be delivered within a public training facility utilising theory and practical activities. Delivery will include instructor led presentations / scenarios.
